

SKYLIGHT BLINDS INFORMATION SHEET

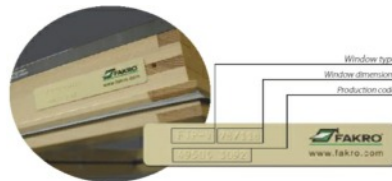

FINDING THE CODE FOR SKYLIGHT BLINDS

Our skylight blinds for Velux, Rooflite, Fakro and Keylite windows are all ordered using the window code. To find the window code you need to open the window and locate the manufacturers plate which will show this information. (Please see below)

VELUX

FAKRO

KEYLITE

ROOFLITE

WINDOW SIZE

The chart below shows the Visible glass sizes for each window code. If you can't find the window code you can measure the visible glass size (width x drop) and refer the the chart below for the code
